

Action Week
KAPFENBERG AUSTRIA
28.5 - 4.6.2006

Day 6

South Africa

**SPORTS TOURNAMENT AND
HIV/AIDS AWARENESS PROGRAMME**

**AN ACTION WEEK AGAINST
POVERTY AND HIV**

Everyday terrible things happen in South Africa: Kids, children, women are killed and raped. South African people distinguish in their social and economical situation. There is a variety of cultures speaking different

languages. This action week shall give the participants a brief deflection of these issues, but should also encourage the population to reflect them.

On the last day of our sports tournament week we decided to do some indoor sports like chess, indoor soccer, aerobics, netball and table tennis.

South Africa stands on the beginning of a long way towards unity and equality and this week in Limpopo might be the first step.

Philipp Konrad from the MCC South Africa
