

Day 5
Russia

GIVE YOUR SMILE TO THE WORLD

1ST OF JUNE – CHILDREN’S DAY IN RUSSIA

The **International Children's Day (ICD)** has its origin in the World Conference for the Wellbeing of Children in Geneva, Switzerland in 1925. **June 1st** has since been observed as the ICD by numerous countries.

In recognition of the importance of this day, the Russian team members organized a special program for “their” children.

Day 4

The whole day was dedicated to studying. The children were divided into two groups and had different trainings to raise the awareness about HIV/AIDS, possibilities of contraception, sexual behaviour and violence. The training lasted 4 hours, the kids were painting, speaking, sharing ideas and thoughts.

Day 5

The *1st of June* is the *Official Children's Day in Russia*. This day is considered to be the day of the care and protection of children. Every kid participating in the Russian project got presents and congratulations. Additionally, they went to a new built aqua park and to the cinema watching *The Da Vinci Code*.

Special thanks from Evgeniya Akulova, the team leader, go to the whole *Russian team*, especially to *Natalia Kunavina* and *Elena Rogova* who helped in organizing the whole event and spend all their time with the kids – “both girls are real leaders!”

June 1 - Day of Protecting Children
