

Day 2

Hungary

SPORT GROUNDS FOR TOGETHERNESS

Sportive and funny day

The icebreaking-teambuilding continue in Hungary. Every country (Slovenia, Serbia & Montenegro, Slovakia, Austria, Japan, France and Czech Republic) introduced themselves.

Some representatives from different Hungarian secondary schools have arrived and visited the "international house" in Károlyháza. They had discussion about the plans of the action week. The group leader (Miklós) made a typical Hungarian specialty. After the lunch the group went to play on the football field.

In the evening the local major and the delegation of the county were invited and could enjoy some funny hours with listening different nations' music, taste different cuisines, learning Japan languages and dance folklore.
