

Day 1

Slovenia

IZOLA SUB MISSION CONTROL CENTRE

SUNDAY- LET THE GAMES BEGIN

28. May 2006. The day started with an orienteering hike which included stations where the participants had to do some exercises. For example they had to find a treasure in the sea and other funny things. In the evening there was the loud march through Izola. All nations which participated had to go through the streets of Izola and be as loud as they can – singing, shouting, making music. So everyone knows that the youth of slovenia is here to make some changes.

Afterwards the nations introduced themselves with a song or a funny performance. And finally the food exchange started. All the participating nations brought some traditional food of their country and presented it to all the others. So everyone could taste the different kinds of flavours from each country.

First impressions from the UG Izola :

Esra (Turkey): *This is my first time here, but I already feel so familiar.*

Dorothy (India): *I've already been in UG India and I'm sure that also UG Slovenia will be great.*

Marko (Estonia): *The presentation was very energetic, but some of the games needed space and there was not enough space. But all in all it was a very good evening.*
