

Day 2

Slovenia

IZOLA SUB MISSION CONTROL CENTRE

LET'S GET IT STARTED

So, this is it! The workshops have finally started and with them also the official part of the UG festival in Izola. Today the participants were divided into workshops and met the workshop's leader. They also got to know the purpose of their workshop and how the work will proceed during the week. Now it's up to them to do their best and to stand together in order to achieve the wanted results and to have a lot of fun doing it.

The truth is that workshops don't mean only 'work', but also a funny and creative way to get to know each other, to learn how to work in a team, to get to know new things and to grow as a person. So, let's do our best!
